Join us for a transformative 2-month experience where you'll immerse yourself in the vibrant ecosystem of IIT, interact with brilliant minds, and unlock the secrets of cutting-edge AI advancements!

### What to offer:

Dive deep into the fundamentals and latest developments in AI, guided by distinguished professors and scholars. Experience the dynamic hostel life, explore 24/7 facilities, and engage with the vibrant student community.

### Teaching Style:

Get ready for an immersive, experiential learning journey! Our classes will be demonstration-based, with minimal PowerPoint slides. Spend 3-4 hours a day learning hands-on alongside research scholars and professors.
